Registration of Employers

Every person who is or is about to become an employer must, on or before January 15, 1971 or thereafter within 15 days of becoming an employer, register with the Income Tax Department. He should inform the Department of the fact that he is an employer or intends to become an employer, and he will be supplied with a Registration form. On receipt of the completed form the Department will assign to him a Registration number (TIN).

New Employers

At the same time that the Registration form is supplied a new employer will receive this booklet, and forms TD 2, Monthly Remittance Return of Income Tax Withheld for use with his first remittance, and a supply of forms TR 111 to register new employees.

Change of Address

If an employer changes his address he should notify the Income Tax Department, Belize City quoting his Registration number (TIN).

Employer Who Ceases To Withhold

An employer who no longer has any employees who are subject to tax withholding (because personal allowances exceed the rate of pay, or the employment is seasonal and he no longer has employees, or other similar reasons) should inform the Department immediately, and at the same time indicate approximately the date he expects to resume making deductions, if known.

Cessation of Business

When an employer discontinues business any unremitted balance of tax withheld from his employees must be paid to the Department within 7 days of the discontinuance. He must also file a Return of Emoluments paid on form TD 4 – Summary and Supplementary within 30 days.

PAY SUBJECT TO TAX WITHHOLDING

Board and lodging if supplied free or subsidized by the employer, prizes, gifts, bonuses, a car owned by the employer and used by an employee for personal purposes, or other taxable benefits conferred on the employee by the employer form part of the employee's emoluments and the value must be included with the regular pay and tax withheld accordingly.

Books and Records

Every employer must keep books and records which clearly reflect the emoluments and withholdings if any by pay period for each and every employee. They must be made available for inspection by officers of the Income Tax Department on request. If they are found to be inadequate the Commissioner may require an employer to keep adequate books and records, and failure to comply thereafter could result in prosecution in the courts.

Amounts Held in Trust

Where an employer has deducted an amount from an employee on account of tax and has not yet remitted it to the Department he is deemed to hold the amount in trust for the Crown. He shall keep the amount separate and apart from his own monies and in the event of any liquidation, assignment or bankruptcy, the amount shall form no part of the estate in liquidation, assignment or bankruptcy.

Penalties

An employer who fails to withhold and remit is liable for the whole amount which should have been withheld plus a penalty of 10% of such amount or \$10, whichever is the greater and shall be surcharged as prescribed by section 55 which is 1½ percent per month or part of a month of the amount of tax not paid.

An employer who fails to withhold and is assessed for the amount may, if the employee is still working for him, recover the amount from the employee. The amounts which may be recovered from each future payment of emoluments may equal but not exceed the amount which is prescribed to be withheld from the payment being then made. No recovery may be made for pay periods extending back more than 12 months.

EXAMPLE:

An employer fails to withhold as follows:-

January	192.55
February	38.51
March	77.02
April	<u>38.51</u>
						346.59

From an audit of the records an assessment is issued on 25th May for

Tax	346.59
Penalty	34.66
Interest	<u>5.20</u>
						386.45

The employer may recover 346.59 from the employee as follows:-

Current Deduction

Employer's Recovery

May	216.04	69.32
June	216.04	69.32
July	270.05	69.32
August	216.04	69.32
September	270.05	69.31

If an employer cannot recover the amount because of the time limitation or because the employee is no longer working for him, he must add the amount which he cannot recover to the employee's pay in his record. On the employee's form TD 4 Supplementary, which the employer prepares after the year-end, the amount will be included in the "Emoluments" box and also shown in the "Tax Withheld" box.

A penalty of \$5.00 per day may be assessed for each day which an employer is late in filing the Return of Emoluments Paid or any other information return requested of him.

HOW TO USE THE TABLES

When using the tables, the amount of tax to be withheld is determined as follows:-

- (1) Refer to the pages appropriate to the pay period. For example, if the employee is paid once a month, refer to the pages headed "Monthly Tax withholding."
- (2) Look down the "Earnings" column for the bracket containing the employee's earnings.
- (3) The amount shown directly across from the earning column on the table is the amount to be withheld.

EXAMPLE 1 – MONTHLY

(a) Monthly Salary	\$2,400.00
(b) Personal use of Company Car	<u>\$2,812.50</u>
TOTAL, MONTHLY PAY	\$5,212.50

- (1) Refer to the "Monthly Tax Withholding Table."
- (2) Look down the "Earnings" column for the bracket containing \$5,212.50. The closest bracket is \$5,212.67 - \$5,212.72
- (3) Follow this line across to the "Withhold" column which shows that the tax to be deducted is \$886.51.

EXAMPLE 2 – WEEKLY

(a) Weekly wage	550.00
(b) Weekly Value of Board	<u>125.00</u>
Weekly Pay	675.00

- (1) Refer to the "Weekly Tax Withholding" table.
- (2) Look down the "Earnings" column for the bracket containing \$675.00 the closest. This bracket is \$675.62 to \$675.67.
- (3) Follow this line across to the "Withhold" column. The tax to be deducted is \$72.76.

When the emoluments paid or the personal reliefs claimed exceeds what is shown in the table the employer must inform the Department immediately giving the amount being paid, the pay period and personal reliefs. An officer of the Department will calculate the deduction required and inform the employer.

EXAMPLE 3 – BONUS

Any taxable employee receiving a bonus should pay 25% as tax of the amount received. If an employee's salary is not taxable but the bonus added to his salary falls within the taxable bracket then the required tax should be deducted.

EXAMPLE 4 – RETROACTIVE PAY INCREASE

An employee's pay is increased from \$550 to \$600 per week retroactive 20 weeks providing an immediate payment of \$1,000.

- (1) Determine the increase in weekly tax deductions resulting from the increased rate of pay.

Tax deduction on \$600 per week	\$54.01
Tax deduction on \$550 per week	<u>\$41.51</u>
INCREASE IN WEEKLY DEDUCTION	<u>\$12.50</u>

- (2) Multiply the increase in weekly deduction of \$12.50 by the number of weeks for which the pay increase is retroactive.
\$12.50 multiplied by 20=\$250.00

EXAMPLE 5 – RESIDENTS AND NON-RESIDENTS

A person shall be deemed to be resident during a basis year if he spent in the aggregate more than one hundred and eighty-two days within the country in that basis year or was domiciled in Belize (Section 16(6) of the Income and Business Tax Act).

In ascertaining the chargeable income of an employed individual who is resident in Belize shall be allowed a basic deduction of nineteen thousand, six hundred dollars; twenty two thousand, six hundred dollars; twenty four thousand, six hundred dollars and twenty five thousand, six hundred dollars (Section 16(1) of the Income and Business Tax Act).

Non-residents are not allowed the deduction of nineteen thousand six hundred dollars. Their gross income is taxed at 25%.

DIRECTORS' FEES

When a director's fee is paid to a director in addition to a salary from the same employer, the fee will be added to the salary for that pay period for the purpose of computing the required tax deduction.

Where the only emoluments paid to a director by a company is the director's fee, and it is estimated that such fees during the year will not exceed the amount of his personal reliefs; no tax is required to be deducted at source.

However, where it is estimated that a director's fee will exceed his personal reliefs, withholding at source should be made using the "Monthly Tax Withholding" table.

- (1) Convert the fee to its monthly equivalent by dividing the number of months that have elapsed since the last payment, or the first of the year, whichever is later. Or if it is known that only one payment is going to be made in the year, divide by 12.

TD4 Return

Every employer who has deducted income tax from the pay of one or more persons and every employer who has paid emoluments in excess of \$200 to one or more persons in a year whether tax is deducted or not, is required to file with the Income Tax Department a return of emoluments paid, TD 4 Summary and Supplementary by the last day of February in the next year. Detailed instructions for completion of this return are contained in "The Employer's and Trustee's Tax Guide for filing TD 4 Returns which accompanies the TD 4 forms when issued by the Department.

An employer, who ceases to carry on business, must file the TD 4 Return with the Department within 30 days of discontinuance.
